Is the transcript for the initial public hearing in the docket, I only see the transcript for the second hearing?

The signed version are in the docket. Try opening in Adobe as opposed to the browser version.

Hi Eric,

I noticed that transmittal letters for the initial draft permit and final permit are in our record but not the signed. Do we have the signed versions somewhere?

Greg

Hi Greg,

Everything is located in the permit record folder on SharePoint. We also have the attached rudimentary index of files in the docket. It looks like it's a lot a formatting and file naming, etc.

Pat – could Careyanne or Madeline help with this?

Eric

Speaking of the record, we should begin assembling a certified index to the record, since it will be due within 21 days of any petition for review, which will be a very busy period for us. For a recent example of what that looks like, here's a link to Kristen's record in Keene:

And check out items 6.47 and 6.48 in the docket for Cape Wind:

Can you work with Eric to begin assembling?
